in Carpet Tiles

Choose perfection.
Choose Project Floors.

Uniquely the best... the brand of success

NEXT GENERATION carpet tile is the cutting edge innovative solution. With no PVC, polyurethane, & fibreglass, reinforced vinyl EcoTX™ not only outperforms its competitors with environmental friendliness but also in look and functionality.

Stability

The proprietary technology that goes into every EcoTX™ carpet tile, means that carpet will remain stable and resilient even in the most demanding environments.

GLUE FREE

Glue Free

The nature of the EcoTX™ cushion-back system means that it can be installed without the use of adhesives, ensuring maximum flexibility and lower installation costs.

ENVIRONMENTALLY FRIENDLY

Environmentally Friendly

Made with a high-density non-woven cushion and bitumen core, EcoTX™ is the perfect solution for eco-conscious commercial environments.

COMFORT

Comfort Factor

EcoTX™ is made with a revolutionary new backing system that ensures premium comfort, even in high traffic environments.

DELAMINATION PROTECTION

Delamination Protection

EcoTX™ has undergone stringent testing to ensure that no delamination will occur, even under the most challenging circumstances.

- Decrease noise enhancing acoustics by 30%. Project Floors carpet tiles offer 10 times more efficiency in the reduction of noise levels.
- EcoTX™ offers a superior underlay decreasing muscle fatigue resulting in higher comfort levels and a more ergonomic work environment.
- Hard wearing and durable for the practical demands of your environment while creating an outstanding look and feel, for longer
- Project Floors anti-static carpet tiles reduce the premature aging of the carpet. No electrical charges pass through protecting your IT equipment.
- Anti Microbial properties create a hygienic and healthy environment especially beneficial for allergy sufferers and asthmatics.
- Research shows that brighter colours trigger 26% higher endorphin levels increasing concentration and productivity. The wide ranges of colours available ensure you create the best working environment possible.

Ideal Solution for:

- Administrative Office Blocks
- Healthcare
- Conference Centres
- Showrooms
- Retail fit outs
- Education
- Hospitality
- Sport and Recreation Centres

We set trends for others to follow.
